

Magnum Blade Size Chart

Our Magnum Blades are available in 0.025" thick and 0.040" thick (heavy) weights. These blades are ideal for your large musky and pike spinners, but are also popular for making gang and lake trolls. Magnum blades are available in over 50 absolutely amazing colours and finishes!!!

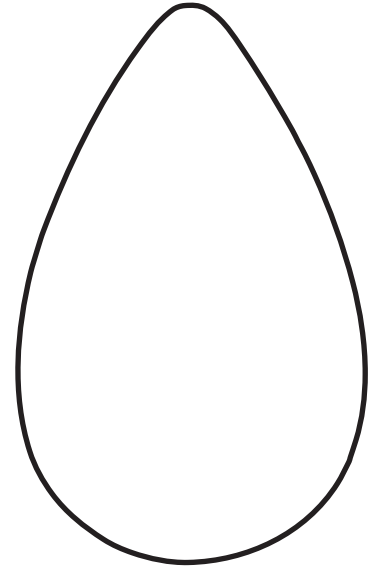

Some anglers call them Magnum Colorado Blades, while others call them Magnum Indiana Blades. No matter what you call them, these *are the blades* to use on your Double 10's Magnum Flashabou Spinners.

Size 7

Size 8

Size 10

Please note: Take care when duplicating store bought spinners, as some manufacturers use our size 7 blades but call them a size 8, likewise, some use our size 8 blades but call them a size 9. Always double check the blade sizes you need before ordering.
